Subject: Acceptance of Amendment to Notice of Intention to Commence Small Mining Operations, Bruce H. Hansen Stone Quarries, Moenkopi Moca, S/025/0021, Kane County, Utah

Dear Mr. Hansen:

The Division finds your amended Notice of Intention to Commence Small Mining Operations (Notice) complete. Your amendment changes your planned disturbance from five to two acres. This limits your total mine disturbance to two acres at any time. If you desire to mine beyond the two-acre limit, you must first amend the current Notice to detail the additional disturbance and bond for the planned increase in acreage. You may also reclaim land as you complete mining activities in an area and have this property released following inspection and approval by the Division and concurrence by SITLA.

Your current reclamation surety of \$12,000.00 will be sufficient for a five-year escalation to April 2015. You are now permitted to conduct small mining activities as outlined in the amended Notice provided you have approval from all other appropriate agencies. The approval or acceptance of a complete notice of intention does not relieve an operator from his responsibility to comply with the applicable statutes, rules, regulations, and ordinances of all local, state and federal agencies with jurisdiction over any aspect of the operator's mining operations. Enclosed please find a copy of the approved amendment to your Notice.

Thank you for your cooperation. In reply, please refer to file number S/025/0021. If you have questions or concerns regarding this letter, please contact me at 801-538-5261 or John Rogers at 801-538-5349.

Sincerely,

Paul B. Baker
Minerals Program Manager
